SUSTAINABILITY

Protecting the environment and people is a long-standing tradition at STAEDTLER. Whether at a global level or here in Australia, producing products and packaging that leave minimal impact on the environment is at the heart of what we do.

Here are just some of our initiatives and goals that we undertake to **reduce, reuse and recycle**.

Quality that lasts

Sustainability begins with quality products that last, and this is the objective we use to drive our entire production chain: from extracting the right raw materials (break-resistant leads), to product development innovations and using energy-efficient packaging (space efficient, reuseable).

Innovative features such as **Dry Safe Ink** (leaving the cap off for days without drying out) or having **refillable markers** ensures the long life of our products. Our **STAEDTLER boxes** are designed to be used again and again ... all they need is some favourite STAEDTLER products to fill them up!

Production and process innovations

Upcycled wood

We have developed a simpler production process that makes use of wood waste. Thanks to our exceptional production technology, we can use the smallest wood by-products from the wood industry, to produce **upcycled** high quality graphite and coloured pencils. This process protects trees and makes valuable use of wood chips and sawdust to upcycle them into quality STAEDTLER pencils.

100% Green Energy

All four German production sites have been manufacturing using 100% green electricity since 2021.

STAEDTLER has committed to using renewable energy by 2030.

Made in Germany

Almost two thirds of our products are manufactured in Germany giving added peace of mind for high efficiency and quality standards.

Products made from recycled materials

By 2025, we're aiming to have a number of pen and marker products in our range with the barrels made from 97% recycled materials. This includes Lumocolor markers and Textsurfer highlighters, amongst others, and this changeover has begun in 2022.

Only using wood from sustainable sources

Wood is the very heart of all our pencils and is therefore essential for STAEDTLER. We only use wood from sustainable forestry for the production of all wood-cased pencils. All the wood used is either PEFC or FSC™ certified.

The STAEDTLER plantation

Trees for future STAEDTLER pencils will grow in our own FSC certified plantation (FSC C172764) in Ecuador, South America, on an area of around 1.200 hectares.

The mark of
responsible forestry

Sustainable Packaging

STAEDTLER is a member of the Australian Packaging Covenant Organisation and is committed to achieving **Australia's 2025 National Packaging Targets**.

100 %

reusable, recyclable or compostable packaging

70%

of plastic packaging being recycled or composted

50%

of average recycled content included in packaging

Phase out

of problematic and unnecessary single-use plastic packaging

Our progress

High proportion of products in reusable packaging

The STAEDTLER box, metal tins and cups can all be used again and again, and make up 35% of our total sales value.

High proportion of products in recyclable packaging

Over 60% of total sales value is in recyclable packaging, with over 65% of this made from cardboard.

Over 70% of our plastic packaging is recyclable.

High proportion of packaging made from recycled material

Almost 90% of our cardboard packaging is made with minimum **80% recycled material**.

Our soft plastic wallets and boxes are made with minimum **75% recycled PET** and our STAEDTLER boxes are in the pipeline for recycled PET by 2025.

Replacing blistercard packaging

By 2025, we're aiming to replace **all blistercard packaging with a fully recyclable cardboard** packaging solution which will be made from at least 80% recycled materials. This changeover has begun in 2022.

Improved on pack communication

From 2022, clear messaging regarding the sustainability credentials of the product and product packaging was introduced on the pack.

STUDENT KITS

Take cost and complexity out of your booklist packing with our convenient student kits.

Containing BTS essentials for all stages of learning, there are 4 options available to suit your needs:

COMPLETE Student Pack

- 12 pack Noris coloured pencils
- 6 x tradition HB graphite pencils
- 2 x large rasoplast erasers
- 1 x double hole tub sharpener
- 3 x triplus fineliners, black
- 3 x Lumocolor compact whiteboard markers, black
- 1 x Lumocolor mini whiteboard eraser
- 6 x stick ballpoint pens, assorted colours
- 3 x Textsurfer classic highlighters, yellow
- 2 x glue sticks, 35g
- 1 x 17cm safety scissors
- 1 x 30cm plastic ruler
- 1 x 10 piece maths set in metal tin
- 1 x A4 mesh pencil case

61 SET B

A B C

JUMBO School Kit

- 12 pack jumbo coloured pencils
- 4 x jumbo triangular HB graphite pencils
- 2 x large school erasers
- 1 x slim double hole tub sharpener

119NSET1

CORE School Kit

- 12 pack wood free coloured pencils
- 6 x natural HB graphite pencils
- 2 x large school erasers
- 1 x slim double hole tub sharpener

130 SET1

ESSENTIAL School Kit

- 12 pack Noris coloured pencils
- 6 x tradition HB graphite pencils
- 2 x large rasoplast erasers
- 1 x slim double hole tub sharpener

110 SET1

Noris[®] digital classic

Standard sized pencil. Perfect for interactive lessons.
Feels like a normal pencil.

180 22-1

Noris[®] digital jumbo

Jumbo sized pencil, ideal for small hands.
Perfect for interactive lessons.

180J 22-1

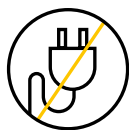

NORIS[®] DiGiTAL

Inspired by our tradition pencil to provide a natural writing and drawing experience on a wide range of laptops and other mobile devices with pen function abilities.

EMR TECHNOLOGY

ElectroMagnetic Resonance lead made by WACOM[®].

NO CHARGING REQUIRED

EMR technology is passive and does not use energy.

PALM REJECTION

The device only recognises the writing screen and ignores all other surfaces - such as the palm of the hand.

ADJUSTABLE LINE WIDTH

Line width can be adjusted automatically by writing/drawing pressure.

ECO FRIENDLY

Wood content from PEFC-certified sustainably managed German forests.

Please find further information about the Noris[®] digital, including a list of all compatible devices on:

STAEDTLER.COM/NORISDiGiTAL

GRAPHITE PENCILS

tradition®

Australia's favourite pencil! High-quality hexagonal pencil, ideal for every student.

3mm
