

PAPER TUBE Owls

Art Activity!

What you'll need:

Staedtler graphite pencils

Staedtler jumbo coloured markers

Toilet or paper towel tubes

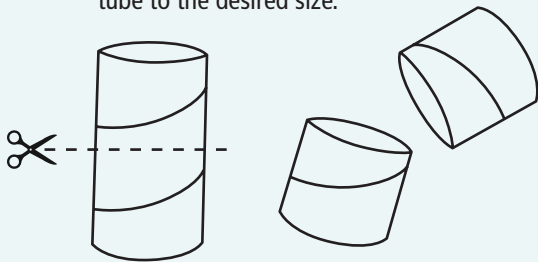

Staedtler scissors

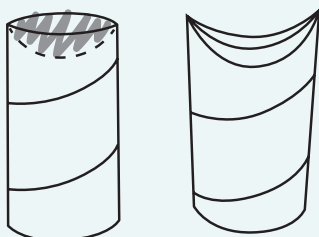

Method:

Step 1: Choose the size of your owl, if you would like your owl to be small simply cut the paper tube to the desired size.

Step 2: To create the owl shape, fold the front and the back of the top end of the paper tube until they meet in the middle.

Step 3: Now it's time to get creative, using your pencil sketch the outline of your owl. Think about an owl's features and patterns.

Step 4: Using your coloured markers fill in the sketch, making them bright and colourful!
