

STAEDTLER

a modern brand rich in tradition

STAEDTLER is one of the world's leading manufacturers and suppliers of writing, colouring and drawing instruments as well as premium quality modelling/polymer clays.

It is also one of the oldest manufacturing companies in Germany, drawing on centuries of experience and expertise in the development of innovative writing and drawing instruments.

It was in 1835 that Johann Sebastian STAEDTLER set up his pencil manufacturing plant in Nuremberg, and records show that one of the founder's ancestors was actually making pencils as early as 1662. In 1853, the pencil maker from Nuremberg showcased his wares at the Exhibition of the Industry of All Nations in New York; just a few years later, these high-quality, German-made products had already made a name for themselves in France, Britain, Italy, Russia, America and the Middle East. Soon STAEDTLER was progressing to both round and hexagonal wood pencils in 48 colours, and by 1870 STAEDTLER employed 54 people and already produced over 2 million pencils.

Today, STAEDTLER is an international company located in 27 countries, employing over 2,100 people. It is Europe's largest manufacturer of wood-cased pencils, offering a comprehensive range of stationery for school, home and work environments. Many of these products are now internationally recognised classics, such as the Noris HB pencil, the Mars plastic eraser and Lumocolor markers.

Throughout the company's history, quality and innovation have remained the key to STAEDTLER's continuing success, with regular breakthroughs in product design, performance and manufacturing process. Recent innovations include WOPEX, a groundbreaking way of producing pencils that maximises the usage of raw materials, and Noris colour, an enhanced range of coloured pencils made by the same innovative production process.

We'd like to invite you on an expedition, a Design Journey with STAEDTLER. We can promise you our biggest and most exciting ever new product launch, taking our range into brand new territory and encouraging creativity at every turn with inspirational new products in a truly staggering range of colours.

Here's just a small selection of some of the treats we have in store.

Design Journey is the title of our new art range specifically designed to foster creativity in people of every age. It's a comprehensive collection of fabulous products backed by engaging displays to inspire and instruct.

The new visually appealing Comic Range uses fun graphics in the brightest of colours to motivate children and adults alike to pick up a pencil and start writing, drawing or colouring.

Our unique and very popular triplus family is expanding and extending yet again with two brand new products plus exciting new colours and other developments across the existing range. Believe it or not, we're now offering an incredible 60 colours in the triplus fineliner range.

It's not all about writing and drawing though, we've also got some new FIMO products that really do open up all sorts of exciting new modelling opportunities. FIMO leather-effect not only mimics the look and texture of leather, it's also more flexible and elastic after hardening than the core range so it can be braided, pierced, embossed as well as cut and sewn. Sounds intriguing? It is!

Step into your STAEDTLER catalogue and let the Design Journey begin!

 STAEDTLER (UK) Ltd

STAEDTLER

Striving for excellence

Promoting
Sustainable Forest
Management
www.pefc.org

The mark of
responsible forestry

STAEDTLER has always been committed to longevity. It applies to the products as well as to the manufacturing processes. Using innovative technology, the long-standing company continuously strives to make its production processes more efficient and to lengthen the service life of its products. The result: Longevity for the benefit of the environment. That's our promise to produce our premium quality range in the most efficient, environmentally-friendly way with proper consideration for both natural resources and the many people involved in the process.

All of our woodcased pencils (blacklead and colour) which are made in Germany are manufactured from PEFC or FSC® certified wood.

PEFC provides a guarantee to purchasers of wood and paper products that they are promoting the sustainable management of forests. FSC® certification provides a credible link between responsible production and consumption of forest products, enabling consumers and businesses to make purchasing decisions that benefit people and the environment as well as providing ongoing business value.

At STAEDTLER UK we celebrated 50 years of excellence in 2016 with a year-long programme of CSR activities including working with local schools.

The company is a firm advocate of ongoing personal and professional development and actively encourages all personnel to learn new skills and achieve further qualifications.

2019 saw STAEDTLER becoming an official UK Superbrand. We were delighted to have achieved 'Superbrands' status and anticipate this additional accolade to have a positive impact on our business.

STAEDTLER Premium

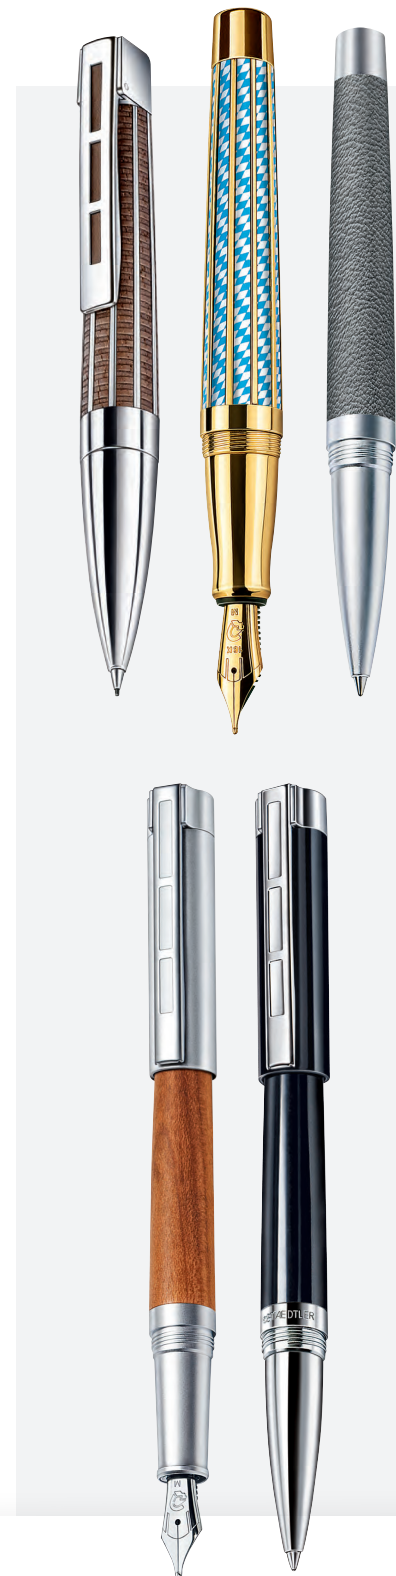

Lifestyle choice

Quality and performance are central to everything we do at STAEDTLER but with STAEDTLER Premium we have raised craftsmanship to an entirely new level. So much more than writing instruments, the pens and pencils in this luxury range are style statements in themselves, combining timeless elegance, incomparable performance and the very finest materials.

Designed for people who appreciate beauty and individuality in equal measures, STAEDTLER Premium is the latest chapter in the STAEDTLER story of progress through innovation. The various different styles, Corium, Lignum, Resina and new Metallum, have Latin names to reflect the high-grade materials used, such as the finest leathers, tactile wood or brilliant resin.

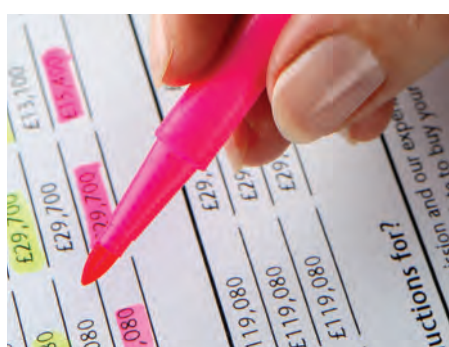

A development in the Premium journey is the sophisticated Initium Metallum series, characterised by a hand-brushed, clear anodised aluminium form with matt chrome-plated metal fittings. Eminently suitable for engraving and with a lovely velvet-soft feel, the design is available as a fountain pen, twist-action ballpoint, rollerball and mechanical pencil.

Whether you choose to express your personality through the metropolitan Corium Urbes line, the Initium Metallum series or with your own completely unique design in hand-crafted leather, STAEDTLER Premium invites you to join an exclusive club devoted to style and luxury.

View the full range of pens, pencils and co-ordinating accessories in the STAEDTLER Premium brochure.

Comic Range

Designed to fire up the imagination, our brand new Comic Range is made to help motivate children to embrace writing and drawing.

Using brightly coloured comic artwork-style motifs, the vibrant range includes colouring pencils in two pack sizes, tub sharpeners, erasers, geometry sets and graphite pencils, also available as jumbo learner's pencils.

Containing everything that a young creative adventurer needs, the Comic Range is the perfect way to inject some fun into writing and drawing.

Perfect pastels

From catwalks to cake stands, popular pastels are all around us and the new Pastel Line collection takes full advantage of this massive trend. The range comprises key BTS stationery products – pencils, rulers, sharpeners and erasers – in four subtle pastel shades and white.

Attractively presented in colour co-ordinated packaging featuring enticing confectionery, the Pastel Line products are available in blistercard format or loose in a tempting, counter-top display unit.

Our coloured pencils and highlighters are no exception to the trend either, with the addition of a pastel coloured pencils pack featuring 12 pastel shades and four highlighter packs with up to 10 different colours.

Design Journey

Inspiring creativity is at the heart of everything we do at STAEDTLER and our new Design Journey collection is a complete range of premium products for the hobby artist, from sketching pencils through to luminous acrylics.

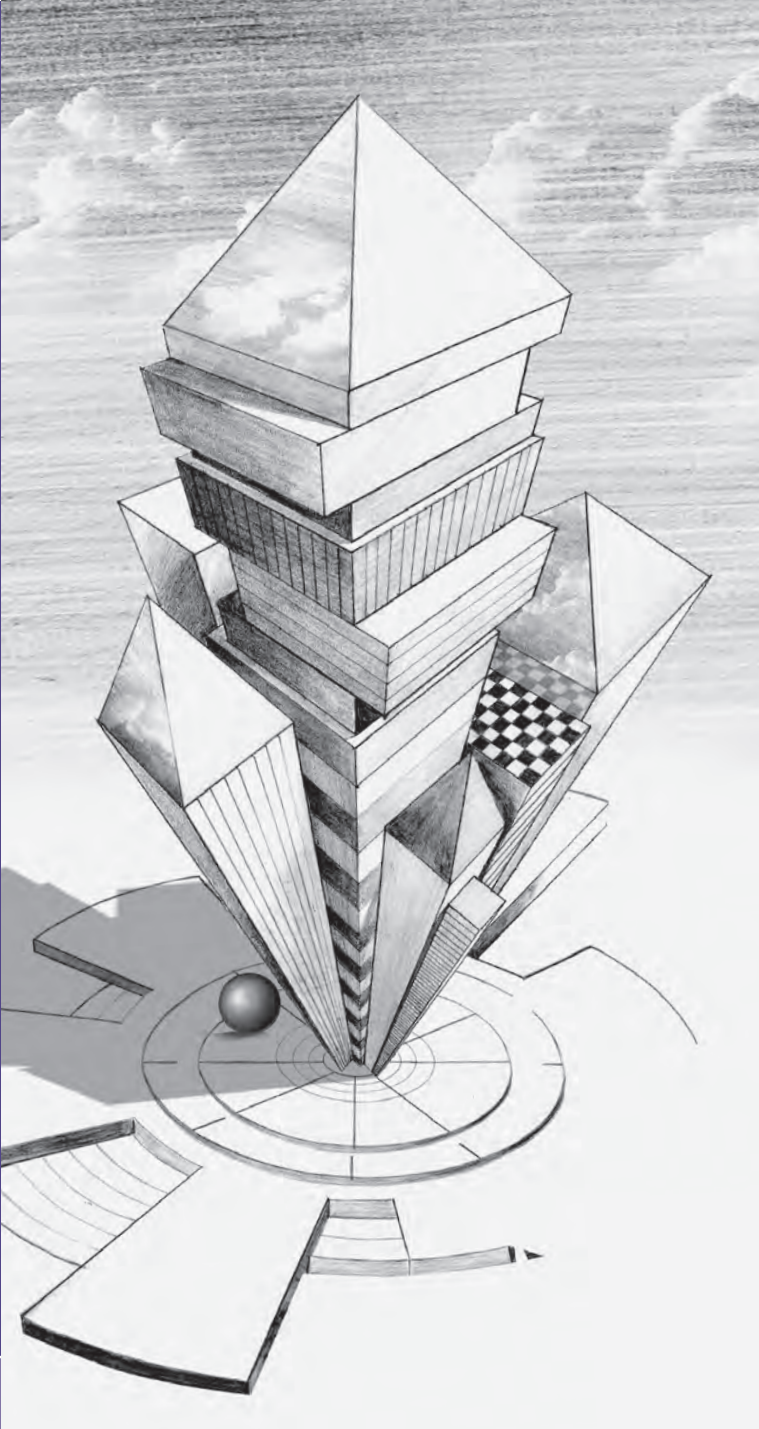

Taking inspiration for its logo and packaging design from North American national parks, the comprehensive range comprises around 30 products in more than 60 product variations to motivate beginners to start their design journey and to encourage more advanced hobby artists to try new techniques.

The logo itself is based on the design of old US highway signs and encapsulates the range's core message: Discover & Create. Products include much-loved STAEDTLER classics as well as many brand new innovations such as woodless pencils, pastel pens, brush pens and new colouring and watercolouring pencils.

As well as the striking logo, which is common to all products in the range, each pack features an authentic application image to communicate the precise properties and usage of the product. These images celebrate the magnificent landscapes, flora and fauna of North America, a rich source of inspiration for anyone planning an artistic journey.

Blacklead Pencils & Accessories

Part of history

Today, it's hard to believe that the pencil was once considered a revolutionary work of genius, but its introduction was certainly ground-breaking, greatly facilitating writing and drawing.

STAEDTLER has pioneered the subsequent development of the pencil over the years to its present form, an impressive fusion of design and function.

Our extensive range of blacklead pencils, together with erasers and sharpeners, is renowned the world over.

Lead quality

- Break-resistant leads
- Easy to sharpen

Ergosoft

- Non slip soft surface ensures a good grip and prevents fingers from slipping

Colouring

A world of colour at your fingertips

STAEDTLER is justly famous for its coloured pencils which include standard, jumbo, triplus, erasable and watercolour ranges to name but a few. All offer the same unbeatable combination of rich colour and excellent performance.

Noris® colour is an enhanced range of coloured pencils made by a new, more sustainable production process which bonds the lead and wood casing together resulting in a smooth, gliding lead with significantly higher break-resistance.

Alongside coloured pencils are vibrant fibre tips, crayons and paints to meet every colouring need, for all ages.

Lead quality

- Break-resistant leads
- Easy to sharpen

Ergosoft

- Non slip soft surface ensures a good grip and prevents fingers from slipping

Lumocolor®

Perfect all-rounders

The STAEDTLER Lumocolor® range comprises universal pens and markers as well as special purpose pens with unique product characteristics. Thanks to the innovative ink technology, all pens offer superb writing and marking results on almost all surfaces, a high level of reliability and long service life.

The Lumocolor® brand has been in existence for over 50 years and is synonymous with outstanding quality, making it a market leader in many countries around the world.

DRY SAFE

- Thanks to DRY SAFE, pens can be left uncapped for days without drying up

One for all

- For almost all surfaces, such as glass, plastic, metal, porcelain, wood etc
- For labelling CDs/DVDs
- For overhead film, whiteboards and flipcharts

STAEDTLER box

- Practical pen stand for desks
- Quick to assemble

triplus®

For fatigue-free writing

The name triplus® stands for an innovative product concept with all the features designed specifically with one goal in mind - fatigue-free writing, drawing, colouring and highlighting.

This is reflected in the ergonomic triangular shape, textured surface and DRY SAFE ink. Most triplus® products are presented in the unique STAEDTLER box - an ingenious storage solution that keeps them ready to hand whenever and wherever they're needed.

DRY SAFE

- Thanks to DRY SAFE technology, pens can be left uncapped for days without drying up

STAEDTLER box

- Storage and carry case can be transformed into a practical pen stand for desks in no time at all

triplus®

- Fits perfectly in the hand for effortless, fatigue-free writing, drawing and colouring
- Triangular shape encourages correct grip so the hand remains relaxed and unstrained, even when used over longer periods of time

STAEDTLER®

triplus® broadliner

Right for writing!

The triplus® broadliner range from STAEDTLER is a great accompaniment to your bullet journal with its ergonomic triangular shape designed for a relaxing writing and drawing experience. The 0.8mm metal clad tip can withstand continuous pressure on paper, giving you endless creativity time!

The pens can be left uncapped for days without drying up, allowing you to switch between colours with ease without the need to replace the cap. The water-based ink washes out of many textiles in case of any mishaps.

Textsurfer®

Brilliant highlighters

STAEDTLER highlighters allow you to focus on the essential. Textsurfer® classic highlighters perform perfectly on inkjet print-outs, without smudging the ink, and on selected colours highlighted text still remains visible after photocopying. Its ergonomic design and soft tip guarantees an exceptional highlighting experience every time.

The innovative refill station is not only environmentally-friendly, it also offers an easy, clean and cost-efficient refilling solution for Textsurfer® classic.

Lightfast

- Pigmented ink is lightfast preventing fading

Copy proof

- Violet & turquoise Textsurfer® classics remain clearly visible on photocopies

CONVENTIONAL HIGHLIGHTERS

ABCEFG - 1234567

Textsurfer classic : all colours

ABCEFG . 1234567

Inkjet safe

- Developed especially for use with pigmented inkjet inks
- Conventional highlighters loosen pigments from the paper, causing them to smudge

tripplus® Textsurfer®

- Highlighter with variable tip for very fine to broad highlighting
- Ergonomic triangular barrel for effortless, fatigue-free highlighting
- Lightfast pigment ink
- For paper, fax and copies
- Water-based fluorescent ink
- With clip
- PP barrel guarantees long service life
- 4 neon colours
- Variable line width from approx. 1-4mm
- INKJET SAFE - does not smudge inkjet products
- Fast-drying
- Stand-up STAEDTLER box

Unlike most highlighters, STAEDTLER's Textsurfer® classic highlights without smudging. Brilliant.

Thanks to its unique 'inkjet safe' ink, every Textsurfer® classic can now highlight any text - print or copy, fax or inkjet - without blurring it. Guaranteed to make it popular. With a choice of 8 neon colours and 10 new pastel colours, Textsurfer® classic is available in attractive wallets containing 4, 6, 8 or 10 highlighters.

Pastel highlighters

The pastel phenomenon is everywhere and highlighters are no exception.

New for 2019 are six delicate new pastel shades and four vintage colours, available across both the Textsurfer classic and the triplus Textsurfer highlighter ranges. In each case, the pastels are offered as single products, a dedicated set of four, six or as part of a pack of ten including all the new colours.

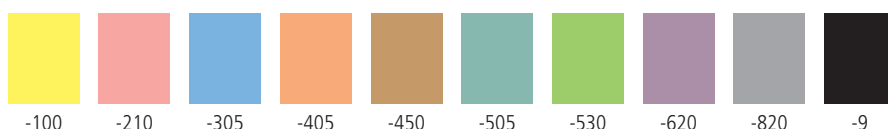

Black highlighter covers up text and lines so that they are illegible when photocopied, however they remain legible on paper.

Textsurfer® classic pastel highlighters

Writing Instruments

For sheer writing comfort

Superb writing comfort is created not by chance - it's a combination of know-how, technology and design.

With STAEDTLER writing instruments, you can experience this first hand. Thanks to the company's extensive experience in the field of ink technology and design, the impressive range has a variety of truly outstanding technical details to offer.

Indelible

- STAEDTLER products with indelible ink are lightfast, waterproof, chemical and solvent-resistant, smudge-proof and non-erasable

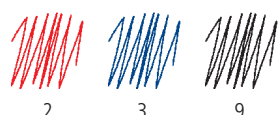

DRY SAFE

- The unique DRY SAFE feature of the inks enable pens to be left uncapped for days at a time without drying up
- Even when left open during long breaks in writing, they remain ready for action without delay

stick 430

- Premium quality, extremely long write-out length
- Ballpoint pen with cap and clip
- Regulated ink flow to avoid blobbing and scratching
- 2 line widths, Fine and Medium, F+M

Mechanical Pencils

A new level of refinement

Taking the humble pencil to a new level of convenience and practicality, STAEDTLER's mechanical pencils use advanced graphite technology for superb results. With our comprehensive range, you'll find there's a pencil for every kind of use.

The unique leads are made from 80% high quality, natural raw materials and are completely PVC-free. This results in an exceptionally smooth writing performance with sharply defined lines.

Break-resistant

- The mechanical pencil lead is cushioned, protecting it from breakage

Pocket safe

- The tip of the mechanical pencil is retractable at the mere push of a button

ISO colour coding

- The identical colour coding of mechanical pencils, mechanical pencil leads and technical pens facilitates recognition of different line widths

STAEDTLER mechanical pencil leads – evolution at its best

STAEDTLER mechanical pencil leads possess outstanding product characteristics. Made up of over 90%, carefully-selected, natural raw materials and manufactured in a unique, ecological production process – no PVC and no softening agents – the mechanical pencil leads offer users a soft, smooth-gliding writing performance and, thanks to their high graphite content, jet black lines.

The high flexibility of the leads (bend not break) makes them extremely break-resistant. Last but not least, good erasability rounds off this range of features which make writing and technical drawing with STAEDTLER mechanical pencil leads so special. Tried and tested for over 30 years already – quality MADE IN GERMANY.

Technical pens & drawing accessories

High performance

Drawing on its unrivalled heritage in the field of technical drawing, STAEDTLER's advanced precision instruments are used in schools, universities and offices throughout the world.

Complementing this collection is a comprehensive range of accessories, including drawing boards, compasses, rulers, set squares and lettering guides.

Functional design coupled with exceptional technical finesse make the range indispensable wherever accuracy is required.

Indelible

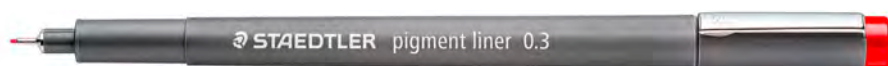

- STAEDTLER indelible inks are lightfast, waterproof, chemical and solvent-resistant, smudge-proof and non-erasable

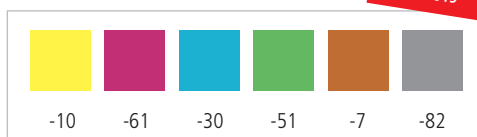

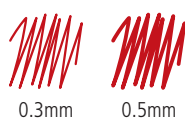

Pigment ink

- High-grade pigments as colouring agents
- Resin is necessary in order to obtain the desired water repellency
- Extremely lightfast, colourfast, waterproof and chemical-resistant

Coloured Pigment liner

- Coloured fineliner for writing, sketching and drawing
- Long metal tip ideal for use with rulers and templates (e.g. 572 FL)
- Pigment ink, indelible (in accordance with ISO 14145-2)
- Waterproof on paper
- PP barrel guarantees long service life
- 12 colours are available in 0.3mm and 0.5mm line widths

Perfection in precision

For the past 80 years the STAEDTLER brand has stood for top technological performance in the field of high-precision drafting instruments. STAEDTLER compasses enjoy a superb reputation the world over and today remain indispensable tools on the drawing boards of professional users.

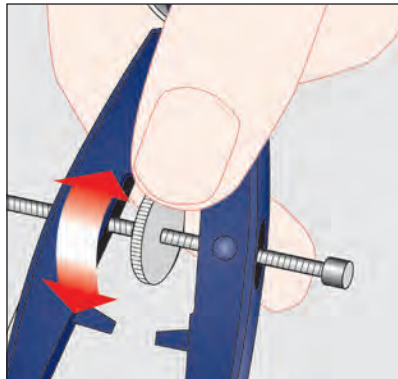

The STAEDTLER compass range is clearly structured:

- Professional for specialists
- Comfort for use in education and at the workplace
- Basic for primary school and hobby users

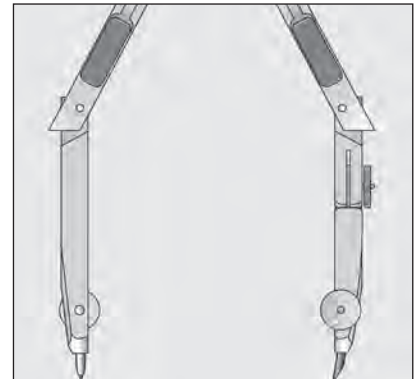

Push-button mechanism

- Convenient quick setting using sturdy, push-button mechanism
- Easy to use thanks to large push-buttons

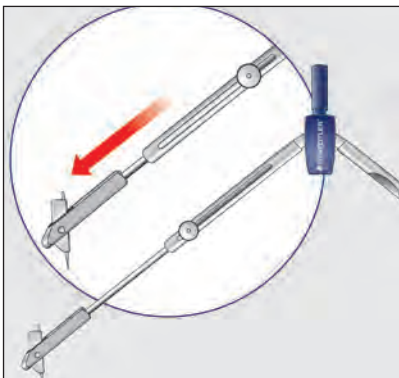

Centre wheel

- Precise setting using centre wheel
- Prevents unintended setting adjustments

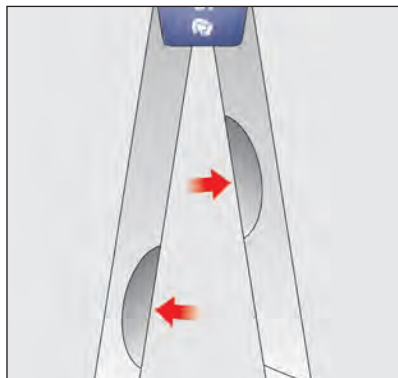

Hinged legs

- For parallel leg positioning
- Facilitates exact drawing of particularly large radii

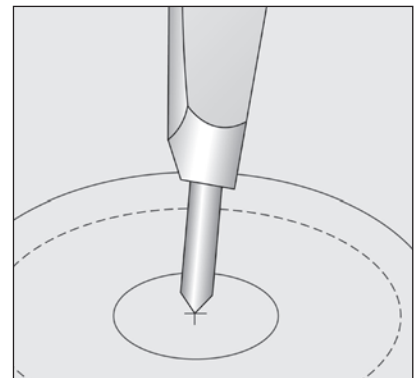

Telescopic extension bar

- Integrated in needle leg
- Enlarges the possible circle diameter by up to max. 110mm

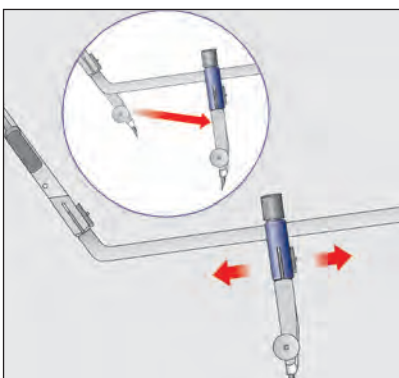

Grip zones

- Ergonomic grip zones for optimal handling

Safety needle

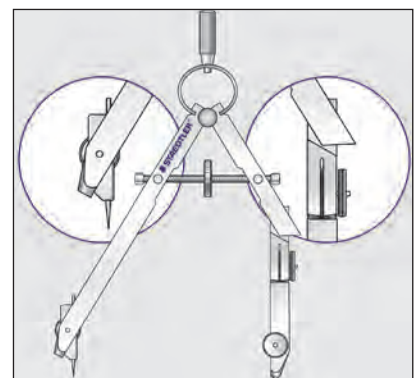

Extension bar

- Enlarges the possible circle diameter by up to max. 235mm

Universal adapter

- For drawing precise circles with all common writing and drafting instruments
- Easy to use with all compasses

Adjustable leg and needle shoe

- For parallel positioning
- Facilitates exact drawing of large radii

Professional Mars 555

- High-quality solid metal compass
- With quick-setting push-button mechanism and centre wheel
- Hinged lead and needle legs
- Interchangeable lead part with shank Ø 4mm
- Interchangeable shouldered / pointed needle
- Max circle Ø approx. 400mm, with extension bar approx. 635mm
- Length 170mm

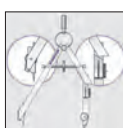

555 03

Contains:

Art Range

Including the new
Design Journey range

Inspiring creativity is at the heart of everything we do at STAEDTLER and our new Design Journey collection is a complete range of premium products for the hobby artist, from sketching pencils through to luminous acrylics.

The comprehensive range comprises around 30 products in more than 60 product variations to motivate beginners to start their design journey and to encourage more advanced hobby artists to try new techniques.

Products include much-loved STAEDTLER classics as well as many brand new innovations such as woodless pencils, pastel pens, brush pens and new colouring and watercolouring pencils.

Mars® Lumograph charcoal

- High quality charcoal pencil
- Special lead formulation containing a high proportion of carbon and charcoal for a wide range of deep black tones
- Particularly suitable for blending and hatching as well as for expressive sketches and portraits
- For ideal usage in combination with Mars Lumograph black 100B
- Available in 3 finely graded consistent degrees: S (soft), M (medium), H (hard)
- Lead diameter: approx. 4.5 mm

See page 17 for information on the NEW Mars® Lumograph pastel range

FIMO®

Creativity for all
ages and levels

Whether you are an amateur or professional, child or adult, beginner or experienced crafter, the FIMO range of premium craft products is designed with everyone in mind and with perfect results guaranteed every time.

Products include the world famous FIMO polymer clay, decorative leaf metal, a whole range of other modelling materials and accessories, plus our new FIMO Leather-effect range.

FIMO® leather-effect

Opening up a whole new world of exciting crafting opportunities, FIMO® leather-effect is a brand new addition to our range of polymer modelling clays with a unique difference.

New FIMO® leather-effect not only mimics the look and texture of real leather, it is also specially formulated to have a similar flexible quality and consistency to leather when baked. This means that, unlike existing FIMO® polymer clays, it can be cut, sewn, braided, embossed and even pierced after hardening. In fact, it can be handled exactly like leather or other textile materials, thus giving the user amazing scope to create unique necklaces, bracelets, handbags and household items.

An exciting and extremely versatile new modelling material, FIMO® leather-effect is available in a carefully selected palette of 12 inspirational shades.

STAEDTLER FIMO® air - clay that dries in air

The composition and characteristics of FIMO® air have been perfected over thirty years to produce today's clay with its superior quality and variety of applications. For ease of use, the range has been consolidated to include three versions:

FIMO® air basic is a moist, heavy modelling material, similar to potters' clay but without the need for firing.

FIMO® air light is a lighter clay that is dry to the touch - ideal for lightweight objects such as mobiles and decorations.

FIMO® air natural is a pulpy, fibrous clay made with 95% natural substances. Dry to the touch and particularly break-resistant after hardening, it lends itself to puppet-making.

FIMO® air has applications across arts, crafts, hobby, design and interiors, and is a perfect medium for use in schools, nurseries, play groups, etc, as it is safe for children over the age of three and no baking or firing is required.

Modelling clay Basic

- Clay like material
- Made from 97% natural substances
- Available in 3 colours

8100
FIMO® air basic

- 500g blocks
- Available in: -0, -43, -76

Terms and conditions

1. Definitions and Interpretation

1.1. In these Conditions:

Contract

means the contract between us and you formed in accordance with Condition 2.3;

Delivery

means us delivering the Goods to you in accordance with Condition 4 and the term "Delivered" shall be construed accordingly;

Goods

means the goods supplied or to be supplied by us to you under the Contract;

Insolvency Event

means any event of insolvency, as set out in Condition 6.7;

Order Acknowledgement

means our written acceptance of your order;

Total Contract Price

means the total amount payable by you for the Goods pursuant to Condition 7.1;

"we", "us" and "our"

means STAEDTLER (U.K.) LIMITED a company registered in England and Wales with company number (0079727 2) whose registered office is at 31 Old Field Road, Pencoed, Bridgend, CF35 5LJ;

working hours

means any time other than Saturday, Sunday or public holidays in England and Wales when the banks are open for business;

"you" and "your"

means the person from whom we receive an order;

2. a reference to any statute or statutory provision is a reference to it as it is in force for the time being taking account of any amendment, extension or re-enactment and includes any subordinate legislation made under it; the words "includes" and "including" mean includes without limitation and including without limitation; the singular includes the plural and vice versa; "person" means any person including individuals, firms, partnerships, bodies corporate, associations, organisations and trusts; and the clause headings in these Conditions do not affect interpretation.

2. Contract Formation and application of terms

2.1. Your order is an offer by you to purchase goods from us on and subject to these Conditions.

2.2. Any quotation issued by us constitutes an invitation to treat and not an offer and may be withdrawn or revised by us at any time prior to our acceptance of your order.

2.3. Your offer is not accepted by us unless and until we issue an Order Acknowledgement or, if earlier, we process and dispatch the Goods for Delivery.

2.4. A contract for the supply of Goods by us to you on and subject to these Conditions is formed upon the acceptance by us of your offer in accordance with Condition 2.2.

2.5. These Conditions comprise the only terms and conditions upon which we will supply to you the Goods and (unless otherwise agreed in writing by us) any other goods ordered by you from time to time and shall prevail to the exclusion of all other terms and conditions (including any terms or conditions which you at any time purport to apply under any order, confirmation of order, acceptance of quotation, specification or other document). Your standard terms and conditions of purchase (if any) are expressly excluded from the Contract.

No proposed variation to the Contract shall be binding on the parties unless agreed in writing by both you and a duly authorised person on behalf of us.

3. Description of Goods

3.1. The description of the Goods shall be as stated in our product lists as issued by us from time to time. All drawing, illustrations and descriptive matter issued or published by us in our catalogues, brochures or other promotional materials are issued or published by us for the sole purpose of giving an approximate idea of the goods supplied by Us and shall not form part of the Contract. The Contract is not a sale by sample.

4. Delivery

4.1. We and you agree that we are responsible for delivering the Goods. We will deliver the Goods to the agreed delivery address.

4.2. Risk in the Goods will pass from us to you upon Delivery.

4.3. If you fail to take delivery of the Goods when they are delivered in accordance with Condition 4.1, we shall be entitled to charge you for any resulting storage, insurance and/or transportation charges and/or any other costs and/or expenses incurred by us.

4.4. Without prejudice to Condition 4.3, any failure by you to take delivery of the Goods when they are delivered in accordance with Condition 4.1 shall constitute a fundamental breach of the Contract and give us the right (at our option) to treat the Contract as discharged and sue you for damages.

4.5. Time for delivery of the Goods is not of the essence of the Contract and any delivery dates we give to you are non-binding estimates only. You acknowledge and agree that we shall have no liability to you under the Contract for any loss, costs, damages, expenses or charges whatsoever suffered or incurred by you (whether directly or indirectly) as a result of any delay in the delivery of the Goods, nor shall any such delay entitle you to terminate or rescind the Contract. We reserve the right for Delivery to occur in instalments. If we exercise this right, each instalment will be a separate contract on and subject to these Conditions.

5. Inspection on Delivery

5.1. You must inspect the Goods and notify us in writing of any problems within seven (7) days of Delivery. At our request, you must return to us or allow us to inspect at your premises any allegedly damaged or non-conforming Goods.

If we find any Goods to be damaged, non-conforming or missing, we will (at our option and as your sole remedy) repair or replace or issue you with a credit note for the Goods in question.

6. Retention of Title

6.1. Legal and beneficial title ("title") to the Goods will not pass to you until we receive in full in cleared funds:

(a) payment for the Goods; and

(b) payment of all other sums which are or which become due to us from you.

6.2. Until title to the Goods has passed to you, you will:

(a) keep the Goods insured on our behalf for their full replacement value against all risks and, on request, produce the relevant policy of insurance for inspection by us;

(b) store the Goods separately from all your other goods and in such a way that they remain readily identifiable as our property;

(c) not destroy, deface or obscure any identifying mark or packaging on any of the Goods;

(d) not, without our prior written consent, annex any of the Goods to your premises;

(e) ensure that the Goods are kept in good condition; and

(f) immediately notify us if any Insolvency Event occurs or if you have reason to believe any such event may occur.

6.3. Until such time as title to the Goods passes to you, you grant us and our representatives an irrevocable licence at any time to enter without notice any premises where the Goods are being stored or kept in order to inspect them and identify them as our property.

6.4. Notwithstanding the provisions of Conditions 6.1 and 6.2, you may use or re-sell the Goods in the ordinary course of your business PROVIDED ALWAYS THAT your powers of use and sale under this Condition 6.4 shall terminate immediately and automatically upon the occurrence of any Insolvency Event.

6.5. If, in accordance with your rights under Condition 6.4 you resell the Goods or any of them:

(a) you do so as principal, not as our agent; and

(b) title to the relevant Goods will pass to you immediately prior to the time at which resale occurs.

6.6. Upon termination of your powers of use and re-sale under Condition 6.4:

(a) you will immediately place any Goods which have not been resold or irrevocably incorporated into another product, that are under your control or in your possession, at our disposal;

(b) you will be deemed irrevocably to authorise us and our representatives to enter at any time with or without vehicles and with or without giving you prior notice any premises at which any such Goods are being stored to remove the Goods from there. You will be responsible for procuring us access to any third party premises at which the Goods are being stored; and

(c) we will be entitled to cancel all or any part of any orders for goods placed with us by you which have not yet been delivered (whether or not accepted and whether or not under the Contract) without any liability to you.

6.7. An "insolvency event" means any of the following:

(a) you make a bankruptcy application or have a bankruptcy petition or order made against you, or you make an arrangement or composition with your creditors, or you otherwise take the benefit of any statutory provision for the time being in force for the relief of insolvent debtors (and, in the case of a partnership, "you" shall include any individual partner in that partnership), or, being a body corporate, you convene a meeting of your creditors (whether formal or informal)

or you enter into liquidation (whether voluntary or compulsory), except a solvent voluntary liquidation for the purpose only of reconstruction or amalgamation, or you have a receiver, manager, administrator or administrative receiver appointed over all or any of your undertaking, or documents are filed with the court for the appointment of an administrator over you, or notice of intention to appoint an administrator is given by you or your directors or by a qualifying floating charge holder (as defined in paragraph 14 of Schedule B to the Insolvency Act 1986), or a resolution is passed or petition presented to the court for your winding up or for the granting of an administrative order in respect of you, or any proceedings are commenced relating to your insolvency or possible insolvency, or an event or circumstance similar to any of the foregoing occurs in relation to you in any jurisdiction other than England or Wales;

(b) you suffer or allow any execution, whether legal or equitable, to be levied on your property or obtained against you, a notice of enforcement is served against you or control is taken of your goods pursuant to Schedule 12 of the Tribunals, Courts and Enforcement Act 2007, or you fail to observe or perform any of your obligations under the Contract or any other contract between you and us or you are unable to pay your debts within the meaning of section 123 of the Insolvency Act 1986 or you cease to trade;

(c) you encumber or in any way charge any of the Goods;

(d) if you are an individual, a receiver is appointed under the Mental Health Act 1983, or you become a patient under any mental health legislation or otherwise become incapable of managing your affairs or upon your death;

(e) any similar event to any of those described above takes place in relation to you or any of your assets in any jurisdiction other than England or Wales; or you terminate or serve notice to terminate the Contract.

7. Price and Payment

7.1. The price for the Goods is set out in our standard price list in force at the time of formation of the Contract. The price for the Goods is exclusive of value added tax, any other applicable taxes, duties and/or tariffs, all of which are payable by you in addition.

7.2. Subject to Conditions 7.3 and 7.4, the Total Contract Price is due in full in cleared funds in pounds sterling and without deduction or counterclaim within thirty (30) days of the end of the month in which our invoice is issued, irrespective of whether Delivery has taken place. Time of payment is of the essence of the Contract.

7.3. We reserve the right to require advance payment or security for payment at any time should we have any concerns regarding your financial circumstances.

7.4. All amounts due under or in connection with this Contract can, upon written request from us (such consent not to be unreasonably withheld) be set off against sums that are from time to time owed from us to you.

7.5. Payment of the Total Contract Price shall become immediately due and payable on demand:

(a) if there is any breach by you of the Contract;

(b) if any of the events detailed in Condition 6.5. occur; or

(c) on termination of the Contract by us under Condition 10.2.

7.6. If payment of the Total Contract Price (or any part of it) is not made on or before the due date, we will be entitled:

(a) to charge you interest on the overdue amount, such interest to be payable immediately on demand, from the due date up to the date of actual payment, after as well as before judgment, at the base rate for the time being of Barclays Bank PLC. Such interest shall accrue on a daily basis and be compounded quarterly; and

(b) to suspend work on the Contract and/or any deliveries to you until we receive payment in full in cleared funds of the outstanding monies.

As an alternative to exercising our right under Condition 7.5(a), we reserve the right to claim interest and compensation in accordance with the Late Payment of Commercial Debts (Interest) Act 1998 if payment of the Total Contract Price (or any part of it) is not made on or before the due date.

8. Warranty

8.1. We warrant to you that the Goods will:

(a) be of satisfactory quality within the meaning of the Sale of Goods Act 1979; and

(b) be reasonably fit for purpose.

8.2. We will not be liable for any breach of any of the warranties in Condition 8.1 unless:

(a) where a defect is considered to be an obvious defect you notify us of the alleged defect within 7 days of the date of Delivery. For the purposes of condition 8.2 an "obvious defect" shall be a defect that is visible or easily detectable;

(b) where the defect is not considered to be an obvious defect you notify us of the alleged defect within 6 months of the date of Delivery; and

(c) at our request you return to us or allow us to inspect at your premises the allegedly defective Goods.

8.3. Subject to Conditions 8.2 and 8.4, if we find any Goods do not conform to any of the warranties in Condition 8.1, we will (at our option and as your sole remedy) repair or replace or issue you with a credit note for the Goods in question.

8.4. We will not have any liability to you for any breach of any of the warranties in Condition 8.1 if:

(a) you have not complied with your obligations under clause 8.2;

(b) if the defect in question was drawn to your attention prior to the formation of the Contract;

(c) the defect in question was caused or aggravated by your act or omission or the act or omission of your representative or customer, including improper use, handling, installation or storage or any modification to or alteration of the Goods; or

(d) the defect in question was caused by normal wear and tear; or

(e) you continue to use the Goods in question after discovering the defect.

Any Goods which we repair or replace under Condition 8.3 will be warranted on the terms set out in Condition 8.1.

9. Limitation of Liability

9.1. Subject to Condition 9.2:

(a) our total liability to you under and/or in connection with the Contract (whether arising in contract, tort (including negligence or breach of statutory duty), misrepresentation, restitution or otherwise) shall not exceed the Total Contract Price;

(b) we will not be liable to you for:

(i) any economic loss including any loss of contracts, business, revenue, profits, goodwill, opportunity or anticipated savings; or

(ii) any indirect or consequential loss or damage of any kind; and

(c) save as expressly provided in these Conditions, all warranties, conditions and other terms implied by statute or common law are, to the fullest extent permitted by law, excluded.

9.2. Nothing in these Conditions limits or excludes our liability for any matter in respect of which it would be illegal or unlawful to do so.

We will have no liability for any delay or failure in performing our obligations under the Contract to the extent caused by your act or omission.

10. Termination

10.1. Subject to Condition 10.2 you may only terminate the Contract by agreement in writing with us and subject to you paying us any and all costs, charges and expenses incurred by us in connection with the Contract up to the date of cancellation.

10.2. Either party may terminate the Contract immediately at any time if:

(a) the other party commits any material breach of the Contract and fails to remedy such breach (if capable of remedy) within 30 days of receiving a written notice of the breach; or

(b) any of the events listed in Condition 6.5 occur.

Conditions 1, 4, 5, 6, 7.5(a), 7.6, 8, 9, 12 and this Condition 10.3 will survive discharge or termination of the Contract.

11. Intellectual Property Rights

11.1. Nothing in the Contract shall have the effect of granting or transferring to or vesting in the you any intellectual property rights in the Goods.

If you become aware of any threat, claim or allegation that the Goods (or any of them) infringe the intellectual property rights of any person, you shall promptly inform us of the same and shall, at our request, take such action at our costs to assist us to defend such threats, claims or allegations as we may reasonably require.

12. Confidential Information

You shall treat all business information, designed, drawings, procedures, instructions, documents and other information of a confidential nature of any kind supplied or communicated by us to you from time to time as strictly confidential and, except to the extent that such information is already available in the public domain, shall not without the prior written consent of a duly authorised person on our behalf, disclose or part with possession of any such information or copies thereof or use the same other than as may have been expressly permitted by us.

13. Health and Safety

13.1. Subject to Conditions 13.2 and 13.3, all Goods shall be manufactured in compliance with any applicable British Standards.

13.2. In accordance with the Health and Safety at Work Act 1974, we shall in so far as is reasonably practical manufacture, stock, distribute and sell Goods that will be safe and without risks to health. You acknowledge that within the scope of the Health and Safety at Work Act 1974, some Goods supplied by us to you from time to time may be deemed hazardous.

You will and will procure that all users of the Goods will ensure that any instructions outlined in product data sheets or label warnings or instructions of use provided with such Goods are adhered to.

14. General

14.1. The Contract is personal to you and may not be assigned, transferred or otherwise disposed of by you in whole or in part without our prior written consent. We may assign, transfer, charge, subcontract or otherwise deal in any other manner with the Contract or any of our rights under it.

14.2. We reserve the right, without liability to you, to suspend, delay or cancel performance of the Contract or any part thereof or reduce the volume of Goods to be supplied to you if at any time we are prevented from or delayed in carrying out our obligations under the Contract due to any circumstances beyond our reasonable control (a "Force Majeure Event") including, acts of God, governmental actions, war or national emergency, act of terrorism, protests, riot, civil commotion, fire, explosion, flood, epidemic, lock-outs, strikes or other labour disputes (whether or not relating to our workforce), restraints or delays affecting carriers or any inability or delay in obtaining supplies of adequate or suitable materials.

14.3. Any failure or delay by us in enforcing any of our rights under the Contract is not a waiver of such rights. A waiver must be in writing and signed by our duly authorised representative.

14.4. With the exception of statements made fraudulently, the Contract is the entire agreement between us and you in connection with its subject matter and neither we nor you have relied on a representation save for a representation set out in the Contract.

14.5. If any provision of the Contract is found by any court or other body with competent jurisdiction to be invalid or unenforceable, the remaining provisions of the Contract will continue in full force and effect.

14.6. Any variation to the Contract must be in writing and signed by a duly authorised representative of us and you to be effective.

14.7. No term of the Contract is enforceable by any person other than us and you. Neither we nor you intend that any term of the Contract shall be enforceable by virtue of the Contracts (Rights of Third Parties) Act 1999 by any person that is not a party to it.

14.8. Any notices or demands sent under or in connection with the Contract must be in writing in the English language and delivered by hand or sent by first class post to the registered office of the intended recipient or to a nominated email address. Notices will be deemed served, if delivered by hand, at the time of delivery, if sent by first class post, three days after being posted post or, if sent by email, on completion of successful transmission PROVIDED ALWAYS THAT any notice or demand served outside working hours shall be deemed not to have been served until 9am on the next working day.

14.9. We and you agree that the Contract and any dispute or claim arising out of or in connection with it or its subject matter or formation (including non-contractual disputes or claims) shall be governed by and construed in accordance with the laws of England and Wales and that the courts of England and Wales shall have exclusive jurisdiction to settle any such dispute or claim.

Carriage

Carriage paid orders of a minimum of £300 / €30 at trade excluding VAT, orders below this value are subject to a delivery/service charge.

Bar coding

All our packs are bar coded. Many of our single items (pencils, pens etc.) carry a bar code where appropriate.

EDI

We are equipped to handle your orders on EDI.
