

Noris digital for Chromebook

PLEASE NOTE:

The prerequisite for the use of the Noris digital for Chromebook is that EMR technology is built into the display of the Chromebook used. Please be aware that the model number of the devices may vary from country to country. Additionally, the same model may have different display versions - with and without EMR assistance. Unfortunately, we cannot guarantee that the listed devices support EMR. The list should contain a point of reference, stating whether your device could be compatible. Please inform yourself prior to the purchase of the Noris digital for Chromebook, as to whether EMR Technology is built into your Chromebook's display.
